

Solent Local Enterprise Partnership  
Meeting of the Board to be held on Friday 13 May 2022  
09:00 to 12:00

Item	Title	Time
1.	Welcome, Introduction and Apologies for absence	9:00 – 9:05
2.	Solent Freeport presentation to include; <ul style="list-style-type: none"> <li>- Update from SFCL</li> <li>- LEP role in delivery phase of Solent Freeport</li> </ul>	9:05 – 9:35
3.	LEP Review and Levelling Up White Paper update	9:35 – 9:50
4.	HM Government Update	9:50 – 10:00
5.	Notes of meeting held on 16 March 2022	10:00 - 10:10
6.	Matters Arising and declarations of interest	
	<b>LEP Matters requiring board decision</b>	
7.	Finance and funding report to include; <ul style="list-style-type: none"> <li>• Local Growth Update including Getting Building Fund programme completion and Building Foundations for Growth programme</li> <li>• Final out-turn for 2021/22, In-year budget position for 2022/23 and financial forecasts to 2023/24</li> <li>• Future LEP Funding calls</li> <li>• Levelling Up fund round 2</li> <li>• Review of Risk registers</li> </ul>	10:10 – 11:10
8.	Governance update to include; <ul style="list-style-type: none"> <li>• Board recruitment and Chair appointment</li> <li>• Management of interests update</li> <li>• Business Plan 2022/23</li> </ul>	11:10 – 11:30
	<b>LEP Matters for note</b>	
9.	<b>General updates from board leads to include:</b> <ul style="list-style-type: none"> <li>a. Report from MUK Solent</li> <li>b. Report from business support task force</li> <li>c. Skills update</li> </ul>	11:30 – 11:55
10.	Any other business <ul style="list-style-type: none"> <li>• Forward Plan</li> </ul>	11:55 – 12:00

**13.5.2022**

**Item 2**

**Solent Freeport**

## Item 2

**Title:** Solent Freeport  
**Date:** 13<sup>th</sup> May 2022  
**Purpose:** For Information and Decision

---

Confidential information has been removed from this report.

Information defined as exempt in Part 1 of Schedule 12A to the Local Government Act 1972 has been removed from this report including:

- information relating to an individual, and/or;
- relating to the financial or business affairs of a particular person.

### Update from Solent Freeport Consortium Limited

Since the last update provided to the LEP Board on the Solent Freeport, work has continued at pace and several key milestones have been successfully completed. This includes;

- Approval by HM Government of the Outline Business Case on 24<sup>th</sup> February 2022,
- The maps for two of the tax sites (Southampton Water and Dunsbury Park) have been published and been designated with effect from 22 March 2022 – see <https://www.gov.uk/government/publications/maps-of-solent-freeport-tax-sites>
- The map for the first custom site for Marchwood Port at Solent Gateway as also been published – see <https://www.gov.uk/government/publications/map-of-solent-freeport-customs-site>
- Submission of the Full Business Case (FBC) to HMG on 8<sup>th</sup> April 2022.

The Government's assessment of the FBC is now underway and, at the time of writing, feedback is awaited by the Freeport Board.

A presentation will be provided at the meeting including an overview of the proposal and current position.

### LEP Role in Delivery Phase of Solent Freeport

In relation to resourcing for Solent Freeport Consortium Limited, Board Members will be aware that currently the Solent LEP is providing an executive service to the Solent Freeport through a service level agreement, providing support to the Freeport across a range of areas including;

- Senior Responsible Officer,
- Governance and Compliance,
- Procurement, Strategy and Business Development,
- Marketing and Communications, and;
- Clerking.

Whilst feedback on the FBC is currently awaited, preparations are being made in readiness for Solent Freeport to transition from the set-up phase to delivery and, in line with the SLA, the LEP Executive have met with the Freeport to review the service provided. Positive feedback has been received in relation to the service provision to date and as part of the Full Business Case there is a proposal to expand the existing Service Level Agreement

A draft updated service level agreement is provided in Annexe A.

Subject to the LEP Boards consideration of the revised SLA, the Solent Freeport Consortium Limited Board will consider this at their meeting on 24<sup>th</sup> May 2022.

Board Members are asked to:

- **Note** the update in relation to the Solent Freeport, and;
- **Agree** the proposed revisions to the Service Level Agreement with the Solent LEP.

### **Equality impact assessment**

EIA not required.

### **Legal implications**

To follow

### **Financial comments from the S151 Officer of the Accountable Body**

All services provided by the LEP to the Solent Freeport are based on full cost recovery which ensures that the LEP are not exposed to any financial risk and have the income in place to back fill resources as required.

**13.5.2022**

**Item 2 - Annexe A**

**A confidential report will be considered at the meeting**

**13.5.2022**

**Item 3**

**LEP Review and Levelling Up White Paper**

<b>Item</b>	3
<b>Title:</b>	Integrating LEPs into Local Democratic Institutions and the Levelling Up White Paper
<b>Date:</b>	13 <sup>th</sup> May 2022
<b>Purpose:</b>	For Information

---

## 1. Overview

This report provides an update on the Levelling Up White Paper and the conclusion of the LEP Review. Further to the letter of 31 March 2022 from Ministers to LEP Chairs (as attached in Annexe A) and the note to the board in early April, the report also provides an update on the position in relation to the Levelling Up White Paper

## 2. Recommendations

Board members are asked to:

- **Note** this update

## 3. Integrating LEPs into Local Democratic Institutions (Pathway I or III)

With the publication of the [Levelling-Up White Paper](#) in February 2022, it was made clear the private sector which LEPs represent will be critical to levelling up. To maintain the integrity of this independent voice, the White Paper sets in motion some changes to the roles and functions of LEPs to ensure local areas are in the best possible position to deliver the shared levelling up objectives over the longer term. Integration pathways have been developed as set out on page 12 of Annexe A.

The integration of LEP functions and roles into institutions<sup>1</sup> sitting in the devolution framework and the future roles of LEPs will differ depending on local circumstances and the status of devolution locally.

Where devolution deals have already been implemented, there is an expectation that LEPs' functions and roles can be integrated over the coming year. Where devolution deals are set to be negotiated, the integration of LEP functions, roles and boundaries will be considered as part of those negotiations, with LEPs supporting local leaders, where requested, to embed a private sector perspective into that conversation.

---

<sup>1</sup> single institutions such as a (mayoral) combined authority ((M)CA), a county council or a unitary authority across a functional economic area with or without a directly elected mayor.

#### 4. Maintaining LEPs until a devolution deal is agreed (Pathway II) and HM Government support for Solent LEP

Government also wants to ensure businesses outside of devolution areas are still able to access the support, insights, and representation LEPs currently provide. In areas such as the Solent where no devolved institutions exist HM Government will support Solent LEP as we are currently constituted until there is devolution, subject to future funding decisions. Solent LEP will therefore continue to deliver several functions on behalf of government departments, shaped by the local business voice where relevant. Future programme and funding decisions will be taken by each respective department according to their own decision-making and business planning processes, priorities, and timescales. Departments have therefore continued to engage with Solent on the delivery of:

- **Growth Hubs**, on behalf of the Department for Business, Energy and Industrial Strategy and we have received confirmation of £268,250 funding for Solent growth hub for 2022/23.
- **Careers Hubs**, on behalf of the Department for Education and we have received confirmation of £286,200 being made available for the Solent careers hub network with additional funding opportunities open for application during 2022.
- Local skills analysis via **Skills Advisory Panels**, on behalf of the Department for Education; and we have received confirmation that we will receive £55,000 to continue to develop and provide the robust analysis of the local labour market and skills, to support the development of the Local Skills Improvement Plan (LSIP) for the Solent area.
- Monitoring and assurance pertaining to **existing local growth programmes** and funds for which Solent LEP is responsible.

Core funding for 2022/23 has been confirmed as £375,000. Subject to future business case approvals, Solent LEP will continue to be the recipient of core funding and Portsmouth City Council will remain the accountable body. Recognising that devolution is a process that may take time to decide the long-term future funding for Solent LEP will of course be subject to future funding decisions and business planning. Currently there is a two-part approach to this, covering the current financial year and the period thereafter from 2023/24 as follows:

- Solent LEP will need to publish the delivery plan for the coming year (2022/23) by 30 June 2022 at the latest. The board considered and approved the draft document in March 2022 and the final plan will be considered under item 7 of this meeting. Subject to board approval we will then be able to submit this ahead of the June 2022 deadline. The document sets out how LEPs intend to use the full range of our core functions and roles in relation to programme delivery and strategic economic planning to support the local economy and local decision-making. Government will work with us to develop measures to report against in these plans. These will be considered as part of the annual assurance process. The National Local Growth Assurance Framework (NLGAF) will continue to apply to the LEP as at present.
- For future years, we will need to agree delivery plans alongside delivery and performance metrics with government in advance of publication. The current expectation is that we will need to submit a draft delivery plan for 2023/24 by **25 November 2022**. We will bring forward a draft document to the October 2022 meeting for board consideration. Future provision of core funding will be subject to agreement of these plans with government and, thereafter, subject to meeting agreed delivery and performance metrics. HM Government also intend to amend the NLGAF over the

coming year to ensure our future requirements of LEPs remain proportionate to our revised role and functions.

In addition, we are expecting to receive further information on international trade and investment activity, provision of local business intelligence, grant funding and levelling-up focused projects, on behalf of the Department for International Trade and Local Digital Skills Partnerships, on behalf of the Department for Digital, Culture, Media, and Sport.

## 5. The Future role for Solent LEP

The future role for Solent LEP will mirror the requirements and functions set out in section 4 above with the following additions:

- **With respect to the business voice**, HM Government are supporting the LEP to continue to embed a strong, independent, and diverse local business voice into the local decision-making fora that we are party to. Local authorities are consulting with us as part of the development of local plans and applications to local growth funds such as the UK Shared Prosperity Fund (UKSPF) and Levelling Up Fund, where projects have an economic development purpose. Through our subsidiary Maritime UK Solent and the Solent Freeport, local and relevant national partners are also engaging with us, recognising that our private sector and economic perspective can add value to local decision-making, and we are readily offering advice where requested, as exemplified in the work we have done to support the City of Culture bid and the Solent IOT.
- With regards to **strategic economic planning**, HM Government will support LEPs to develop local economic strategies and maintain business and economic intelligence for the Solent areas. Solent LEP have set how we intend to utilise our strategic economic function in our delivery plan. We have considered where we can add most value to the local area, aligning where possible to the levelling up missions set out in the Levelling Up White Paper. This is particularly the case when looking at mission 1 which sets out that by 2030, pay, employment and productivity will have risen in every area of the UK, with each containing a globally competitive city, with the gap between the top performing and other areas closing. The work we are leading on Solent freeport and the work we have taken forward to support the Solent maritime cluster through MUK Solent is testament to this.
- **Delivery** on behalf of government departments, as set out in section 4.
- Regarding **devolution negotiations** in the Solent, the LEP can offer advice where requested by local partners and we have had early engagement with local authority partners in this regard.

## 6. Next steps

As advised, we will submit the 2022/23 delivery plan to government by 30 June 2022 and alongside this publish Solent 2050 at the forthcoming Solent summit.

The board will convene for a strategy session over the summer to consider the delivery plan for 2023/24 and future years through to 2025 and to look at areas where Solent LEP can add most value to:

- support local decision-making and devolution discussions; and

- underpin the delivery of the Solent freeport programme where the LEP has assumed several lead delivery roles and is leading the work during the set-up phase and transition to delivery; and
- further develop the Solent maritime cluster as cited in the Levelling Up White Paper through our subsidiary company Maritime UK Solent which is recognised as an emerging private sector lead partnership; and
- articulate and promote the private sector and industry in the Solent providing an independent, strong, and diverse business voice; and
- bring expertise and additional capacity to local programmes in key areas such as skills, business support, trade and investment, innovation, and net zero

#### **7. Equalities Impact Assessment (EIA)**

An Equalities Impact Assessment is not required at this time

#### **8. Legal implications**

To follow.

#### **9. Financial comments from the S151 Officer of the Accountable Body**

There are potential financial implications for the LEP due to the fact that the Core Funding of £375,000 and the Growth Hub Funding of £268,250 are 75% and 50% respectively of the previous annual allocations.

Having said this the Accountable Body has always been prudent in preparing the three-year rolling budget and only including confirmed funding so there is no shortfall in the current forecasts.

In addition to this and working with the LEP Executive the contingency and reserves budget has been built up over a period of time to be available to help address any shortfalls in funding going forward.

The Accountable Body and the LEP Executive are currently modelling a range of delivery options going forward in line with the direction of travel set out in the white paper which will be discussed at a future meeting of the SERCOM and then reported back to the Board.

31 March 2022

## **Integrating Local Enterprise Partnerships into local democratic institutions**

Dear LEP Chairs, combined authority mayors and the Mayor of London,

Ahead of the publication of the landmark Levelling Up White Paper, we were pleased to speak with all Local Enterprise Partnerships (LEPs). We thanked them for the invaluable contribution they make to their local economies. As the White Paper makes clear, the private sector which LEPs represent will be critical to levelling up. To maintain the integrity of this independent voice, the White Paper sets in motion some changes to the roles and functions of LEPs to ensure local areas are in the best possible position to deliver our shared levelling up objectives over the longer term.

The update in the White Paper, and this letter, concludes the LEP review. We acknowledge the review has caused considerable uncertainty over the last year for LEPs and their staff. We would like to thank all local partners for their patience and support as we developed and agreed our policy on the future of LEPs.

We were pleased to set out our guiding vision in the White Paper of more integrated, better aligned and empowered local institutions with the tools they need to unlock economic growth and level up at a local level.

In some areas, LEPs already enjoy a close, collaborative relationship with combined authorities. In others, LEPs retain a high level of independence. Our priority in the recent LEP review has been to balance the accountability of local growth institutions, our objectives on devolution and the need to retain a local, independent, business voice. Within that context the White Paper set out our expectations of even closer integration between LEPs and local democratic institutions. The enclosed guidance sets out further detail on how, when and where we expect that transition to occur.

We want to ensure that businesses outside of devolution areas continue to be able to access the support, insights and representation that LEPs provide, and to ensure that an independent business and stakeholder voice continues to play its vital role supporting growth in all parts of England. Until devolved institutions exist in an area, we will support LEPs as they are currently constituted, subject to future funding decisions.

To provide clarity and certainty to LEPs and local democratic institutions, we can confirm core/transition funding will continue at a rate of £375,000 per LEP for financial year 2022/23, reflecting their revised role and functions and subject to business case approvals.

We encourage you to review this letter and its accompanying guidance (overleaf) in detail. It confirms that we will work with all LEPs, (mayoral) combined authorities, the Greater London Authority, local authorities, the LEP Network, and other local partners to manage as smooth a transition as possible. Where LEP functions and roles are to be integrated, we will invite places to submit an 'integration plan' for development and submission to government by 29 July 2022 or, where more time is needed, by 27 January 2023.

We look forward to working with all of you over the coming months.

**NEIL O'BRIEN**

Minister for Levelling Up, the Union and Constitution

**PAUL SCULLY**

Minister for Small Business, Consumers and Labour Markets, and Minister for London

Cc: Local authority leaders and chief executives; LEP chief executives; combined authority chief executives; and the chief executive of the Greater London Authority.

# Guidance on integrating Local Enterprise Partnerships into local democratic institutions

1. Local Enterprise Partnerships (LEPs) have played a valuable role in supporting local economic growth since their inception in 2011. LEPs have brought businesses, education and local government together, delivered large capital investment schemes, provided vital support to businesses during COVID-19, hosted impactful programmes on behalf of government departments and developed economic strategies for their areas. Government values the contribution LEPs have made and continue to make to their local economies. We thank them and their staff for their hard work to date.
2. The publication of the Levelling Up White Paper marks a turning point for local growth policy. It set out a series of ambitious missions to level up by, for example, increasing pay, employment, skills and productivity, ensuring every area has a globally competitive city, and offering every part of England a devolution deal that wants one within the new devolution framework. The missions will be cross-government, cross-society efforts, and it will be vital that the private sector plays a role in delivering against them. We recognise the strategic value of involving business leaders and other stakeholders in local decision-making, and of locally-led economic strategies covering functional economic areas. To this end, we will be re-wiring the system to ensure it is fit for purpose, including by integrating the functions and roles of LEPs into our plans for devolution.
3. This letter builds on the White Paper and LEP review and outlines government's plans for the evolution of LEPs. We are grateful to the extensive range of local partners who took part in the review and thank them for their patience as we reflected on its findings. This letter marks the beginning of the transition of LEPs' functions and roles into local democratic institutions. It sets out the principles of future LEP policy but allows some flexibility to accommodate local circumstances. These local circumstances will, in turn, shape the immediate next steps for LEPs as well as their future role. The letter does not set out how integration will play out for individual LEPs, but it does establish parameters and principles to guide LEPs and local democratic institutions, working with government, through the transition. We will work closely with the LEPs, the LEP Network, combined authorities and, where required, local authorities, to ensure the forthcoming period of change is as smooth as possible.

## Levelling Up White Paper

*For the last decade, LEPs have acted as important organisational means of bringing together businesses and local leaders to drive economic growth across England. They have also been responsible for the delivery of a number of major funding streams. It is important to retain the key strengths of these local, business-oriented institutions in supporting private sector partnerships and economic clusters, while at the same time better integrating their services and business voice into the UK government's new devolution plans.*

*To that end, the UK government is encouraging the integration of LEPs and their business boards into MCAs, the GLA and County Deals, where these exist. Where a devolution deal does not yet exist, LEPs will continue to play their vital role in supporting local businesses and the local economy. Where devolution deals cover part of a LEP, this will be looked at on a case-by-case basis. Further detail on this transition will be provided in writing to LEPs as soon as possible.*

# Principles

## Integrating LEPs into our plans for devolution

4. We will support the integration of LEP functions and roles into the institutions sitting at Levels 2 and 3 of the devolution framework: single institutions such as a (mayoral) combined authority ((M)CA), a county council or a unitary authority across a functional economic area with (Level 3) or without (Level 2) a directly elected mayor. LEP functions and roles will be integrated into institutions with devolved powers for the purpose of hosting a county deal, and the London Economic Action Partnership will be further integrated into the Greater London Authority. Where devolution deals have already been implemented, we expect LEPs' functions and roles can be integrated over the coming year. Where devolution deals are set to be negotiated, the integration of LEP functions, roles and boundaries will be considered as part of those negotiations, with LEPs supporting local leaders, where requested, to embed a private sector perspective into that conversation. Once a future devolution deal is agreed and implemented, or where an institution progresses to at least Level 2 of the devolution framework, LEP functions and roles can be integrated. Where no devolution deal is in place, LEPs will be maintained until a devolution deal is agreed, subject to future funding decisions. Where a devolution deal geography cuts across a current LEP geography, we will engage with local partners and consider the best outcome for local businesses on a case-by-case basis guided by local preferences. Democratically accountable local leaders will lead the integration of LEP functions and roles into their respective institutions, working jointly with LEPs and, where necessary, other local stakeholders.

## Future role

5. The future role of individual LEPs will differ depending on local circumstances and the status of devolution locally. Broadly, we expect the future role of LEPs – or the local democratic institution after LEP functions have been integrated – will be to:
  - a. Embed a strong, independent and diverse local business voice into local democratic institutions.
  - b. Carry out strategic economic planning in partnership with local leaders that clearly articulates their area's economic priorities and sectoral strengths. This should involve building and maintaining a robust local evidence base that identifies local strengths and challenges, future opportunities and the actions needed to support priority sectors, aligned to the relevant levelling up missions. The nature of this role will depend on individual LEPs' integration pathway. Across all pathways, LEPs, or local democratic institutions where LEP functions and roles have been integrated, should continue to use their convening power to bring together business, education and other local economic stakeholders.
  - c. Continue to deliver a number of functions on behalf of government departments, shaped by the local business voice where relevant. Future programme and funding decisions will be taken by each respective department according to their own decision-making and business planning processes, priorities and timescales. However, at the present juncture we would expect departments to continue to engage with LEPs, or begin to engage with the respective local democratic institution once LEP functions have been integrated, on the delivery of:
    - I. Growth Hubs, on behalf of the Department for Business, Energy and Industrial Strategy;
    - II. International trade and investment activity, provision of local business intelligence, grant funding and levelling-up focused projects, on behalf of the Department for International Trade;

- III. Local Digital Skills Partnerships, on behalf of the Department for Digital, Culture, Media and Sport;
  - IV. Careers Hubs, on behalf of the Department for Education;
  - V. Local skills analysis via Skills Advisory Panels, on behalf of the Department for Education; and
  - VI. Monitoring and assurance pertaining to existing local growth programmes and funds for which LEPs are responsible.
- d. Where appropriate, LEP business boards can help broker and support new or deeper devolution deals, where requested by local partners. New or deeper devolution deals will not need to be signed off by LEPs.

## Future funding

6. For LEPs that are set to be integrated, we term their funding 'transition' funding. For LEPs that are not set to be integrated over the coming year or once their functions and roles have been integrated into local democratic institutions, we term their funding 'core' funding. We can confirm that we will provide core/transition funding of £375,000 for the full financial year 2022/23, subject to business case approvals. As set out in paragraphs 17(a) and 19–21, we will work with local partners to give effect to LEP integration at the earliest possible opportunity, where relevant.
7. Where LEPs are integrated into (M)CAs or institutions with devolved powers for the purpose of hosting a county deal and there are subsequent boundary changes, we will proportionately revise future core/transition funding grants, where required, on an individual basis. We will maintain the expectation that match funding of at least 50% of government's core funding grant must be secured. We will allow a reasonable proportion of LEP core funding to be used to cover essential preparatory work and legal costs associated with the integration process, where necessary. Our expectation is that only one set of external legal advice should be procured for every integration, with all parties agreeing on the legal questions to be resolved, where necessary.

## Integration pathways

8. The principles set out above will translate differently into different local contexts, largely depending on the status and outcome of local devolution negotiations. We expect individual LEPs will follow one of three 'integration pathways' (also illustrated in **Annex A**):
- I. Integrating LEPs into (M)CAs or institutions with devolved powers for the purpose of hosting a county deal;
  - II. Maintaining LEPs until a devolution deal is agreed; or
  - III. Finding a local solution where one or more (M)CA or institution with devolved powers for the purpose of hosting a county deal covers only part of the LEP area, leaving part(s) of the LEP area outstanding.

At the present juncture, we expect most areas will either be on pathway I or II with only a few on pathway III.

### **Pathway I: Integrating LEPs into (M)CAs or institutions with devolved powers for the purpose of hosting a county deal**

9. We anticipate that all LEPs will eventually fully integrate into local democratic institutions in line with our mission to offer a devolution deal to everywhere that wants one by 2030.

- a. Where LEP geographies are coterminous with existing (M)CAs, we will support the integration of LEPs' functions and roles into those democratically accountable institutions.
- b. Where there are multiple LEPs within a single (M)CA or county deal area and boundaries are coterminous, we expect them to become one integrated institution on the geography of the constituent (M)CA or institution with devolved powers for the purpose of hosting a county deal. Where this involves boundary changes, Ministers will consider the preferred local solution put forward by local partners on a case-by-case basis, considering the guiding principles suggested for pathway III.
- c. Where there is one LEP area but multiple (M)CAs or institutions with devolved powers for the purpose of hosting a county deal which cut across its geography, we expect LEP functions and roles to integrate into those separate institutions.
- d. LEP functions and roles are part of Level 3 (top) and Level 2 (mid) of the devolution framework; they will not be integrated into institutions at Level 1 of the devolution framework, where local authorities are working together across a functional economic area or whole county area (for example, through a joint committee). In Level 1 areas, LEPs will likely follow either integration pathway II or III, or potentially a mixture.
- e. Since the 2018 LEP review, we have had a clear position on geographic boundary overlaps: they dilute LEPs' ability to set clear strategies for places and confuse the local growth landscape. All LEP overlaps must be removed through the process of LEP integration. This will be a 'red line' in our devolution negotiations.

10. We expect the future role of LEPs integrated into (M)CAs or institutions with devolved powers for the purpose of hosting a county deal will mirror the principles set out in paragraph 5, with some modifications. LEPs' functions and roles should complement and add value to the wider suite of decision-making powers we are devolving to local leaders, which presents opportunities to further join up activity and drive progress towards the levelling up missions. As set out in paragraphs 17(a) and 19–21, local democratic institutions should submit an 'integration plan' to government before 29 July 2022, or by 27 January 2023 where more time is required.

- a. With regard to the business voice, the LEP board should become, or integrate with, the (M)CA or institution with devolved powers for the purpose of hosting a county deal's business board. The (M)CA or institution with devolved powers for the purpose of hosting a county deal will have the flexibility to preserve the current LEP board as a sub-board or merge the LEP board into an existing or new internal business board(s). Local leaders will also have the flexibility to adjust the membership of the newly integrated business board, including by inviting the participation of local economic partners outside of the business community, and can re-brand as necessary. The business board should be consulted on all relevant economic decisions. Any new business board members must be appointed through an open process. That process should ensure appointees are politically independent and able to provide a constructive check and challenge on local decision-making using their private sector perspective. (M)CAs and institutions with devolved powers for the purpose of hosting a county deal must, in their integration plans and as part of any future devolution negotiations, set out how they will ensure business boards are meaningfully involved in decision making and openly recruited, which will be a prerequisite for the release of further core/transition funding. Any newly integrated business voice function should play an active role in partnerships such as Town Deal Boards, where those partnerships currently have local LEP participation at the request of local partners. Where the LEP is mentioned in statute, in due course we will amend so that it reflects any new arrangements.
- b. With regard to strategic economic planning and maintaining a local economic evidence base, the (M)CA or institution with devolved powers for the purpose of hosting a county

deal will decide the direction and balance of these activities. This role must be additional to any statutory planning obligations, such as apply to the GLA.

- c. With regard to the functions LEPs currently deliver on behalf of government departments, please see paragraph 5(c).
- d. With regard to devolution negotiations, LEPs can offer advice where requested by local partners on deepening their devolution deals. Devolution deals will not be subject to sign off by LEPs.

11. The principles of future funding for LEPs as set out in paragraphs 6 and 7 apply to all LEPs. Where LEPs are integrated, (M)CAs or institutions with devolved powers for the purpose of hosting a county deal will be allocated the core funding LEPs currently receive, subject to integration plan and business case approvals. Any long-term future funding for the integration of LEP functions and roles will be subject to future funding decisions and business planning. Our intention, however, is that any future funding that is provided for the integration of LEP functions and roles will be additional to any capacity funding agreed as part of individual devolution deals.

## **Pathway II: Maintaining LEPs until a devolution deal is agreed**

12. We want to ensure businesses outside of devolution areas are still able to access the support, insights and representation LEPs currently provide. Where no devolved institutions exist in an area, we will support LEPs as they are currently constituted until there is devolution, subject to future funding decisions. This also applies to Level 1 devolved institutions – the lowest tier of the new devolution framework – unless and until they progress onto a higher level. Where a future devolution deal is agreed, or where the devolved institution progresses to a higher level of the devolution framework, LEPs will move onto integration pathway I.

13. The future role of LEPs will mirror the principles set out in paragraph 5 with some modifications.

- a. With respect to business voice, we will support LEPs to continue to embed a strong, independent and diverse local business voice into the local decision-making fora they are party to. Local authorities in England may wish to consult with LEPs, along with other local partners, as part of the development of local plans and applications to local growth funds such as the UK Shared Prosperity Fund (UKSPF) or Levelling Up Fund, where projects have an economic development purpose. We encourage all local and relevant national partners to engage with LEPs where a private sector and economic perspective can add value to local decision-making and expect LEPs to readily offer advice where requested.
- b. With regards to strategic economic planning, we will support LEPs to develop local economic strategies and maintain business and economic intelligence for their areas. LEPs outside of devolution areas should set how they intend to utilise their strategic economic function (alongside the other functions and roles set out here) in their delivery plans (see paragraph 15 for more details). These should be published by 30 June 2022. In considering how to employ their strategic economic development function, LEPs should consider what will add most value to their local area, aligning where possible to the levelling up missions set out in the Levelling Up White Paper, in particular mission 1<sup>1</sup>.
- c. With regards to the functions LEPs currently deliver on behalf of government departments, please see paragraph 5(c).
- d. With regard to devolution negotiations, LEPs can offer advice where requested by local partners on deepening their devolution deals. Devolution deals will not be subject to sign off by LEPs.

---

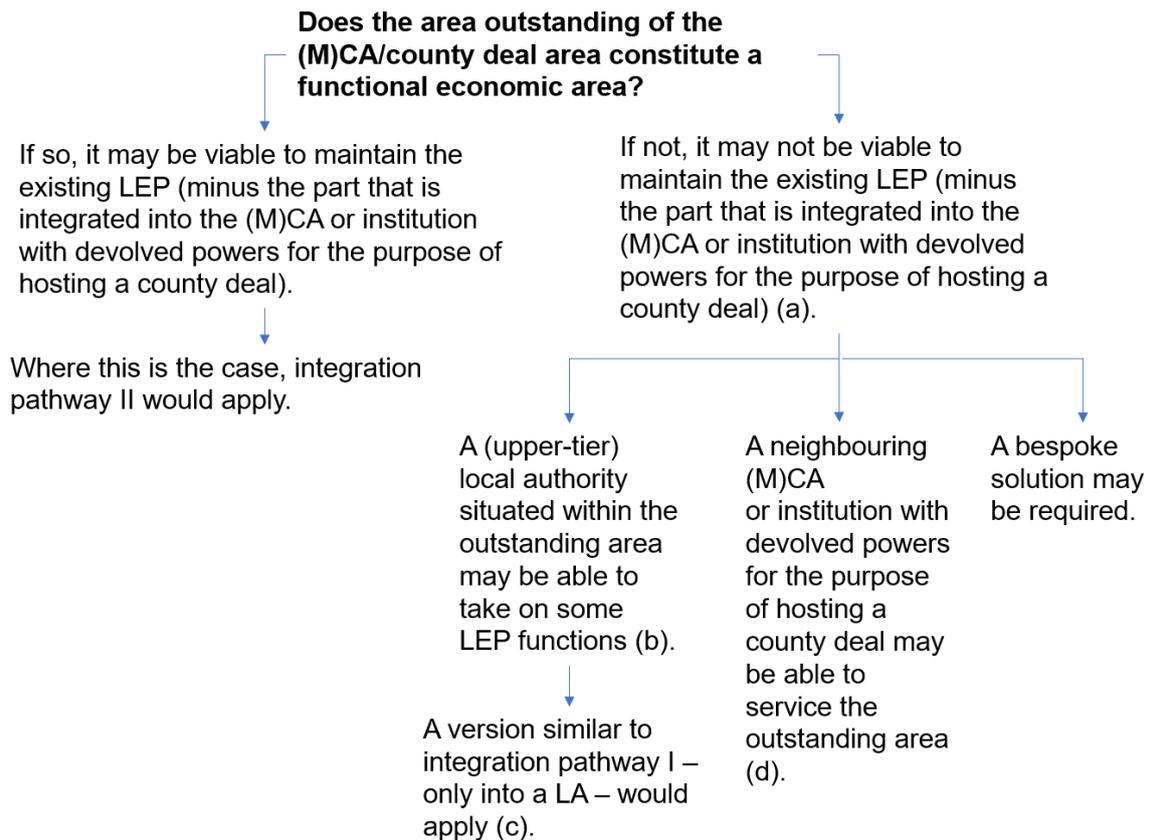

<sup>1</sup> By 2030, pay, employment and productivity will have risen in every area of the UK, with each containing a globally competitive city, with the gap between the top performing and other areas closing.

14. The principles of future funding decisions set out in paragraphs 6 and 7 apply to all LEPs. Our position on core funding provides LEPs with clarity for the coming financial year as a whole, with LEPs on pathway II set to receive £375,000. Subject to future business case approvals, LEPs on pathway II will continue to be the recipient of core funding and their respective local authority will remain the accountable body. Devolution is a process and not an event, and we recognise that some areas may need time to decide which if any devolution arrangement is right for them. As above, any long-term future funding for LEPs outside of (M)CA or county deal areas will be subject to future funding decisions and business planning. We will keep this position under review, considering the progress of local devolution negotiations.
15. There will be two parts to our approach to assuring LEPs on pathway II, covering: (a) the coming financial year (2022/23); and (b) the period thereafter.
- a. As part of the current assurance monitoring process, we ask that all LEPs publish their delivery plans for the coming year (2022/23) by 30 June 2022 at the latest. These documents should set out how LEPs intend to use the full range of their core functions and roles (as set out in paragraphs 13a–d) to support their local economies and local decision-making. Government will work with LEPs to develop measures to report against in these plans. These will be considered as part of the annual assurance process. The National Local Growth Assurance Framework (NLGAF) will continue to apply to LEPs as at present.
  - b. For future years, we will ask LEPs on this pathway to agree delivery plans alongside delivery and performance metrics with government in advance of publication. Our current expectation is that LEPs will need to submit draft delivery plans for 2023/24 by 25 November 2022. Future provision of core funding will be subject to agreement of these plans with government and, thereafter, subject to meeting agreed delivery and performance metrics. We intend to amend the NLGAF over the coming year to ensure our future requirements of LEPs remain proportionate to their revised role and functions.

**Pathway III: Finding a local solution where one or more (M)CA or institution with devolved powers for the purpose of hosting a county deal covers only part of the LEP area, leaving part(s) of the LEP area outstanding**

16. Integrating LEP functions and roles into (M)CAs and institutions with devolved powers for the purpose of hosting a county deal may create boundary issues in some areas. We will engage with local partners to understand the range of possible outcomes for LEP integration in such cases, which we will consider on a case-by-case basis through the integration plan process guided by local preferences. If an (M)CA or institution with devolved powers for the purpose of hosting a county deal cuts across a LEP area and only part of the LEP area is integrated, leaving another part outstanding, we will consider each case against the following guiding principles. We will want to hear from local partners on their preferred local solution for dealing with any outstanding areas. We expect that each local solution will provide a template for other LEPs in similar circumstances to consider. Any outstanding overlaps between LEP geographies must be removed as part of the preferred local solution.

FIGURE 2: Potential guiding principles for dealing with outstanding areas

### Further information on guiding principles

- a. It may not make sense in most instances to maintain all LEP functions and roles in geographies that are substantially below the functional economic area level.
- b. Where there are multiple local authorities in the outstanding area, a lead local authority should be appointed, and service agreements signed, to ensure coverage across the LEP area. The host local authority should, where possible, be a UTLA. With regards to the functions and roles of the local authority that absorbs the LEP:
  - i. We encourage the local authority to consider a range of options to maintain an independent business board. The local authority should present its preferred option to government through the process of developing an integration plan. Depending on local context, this may involve using or re-purposing an existing business board function within the local authority or area; creating a new business board; or potentially accessing advice and input from established private sector organisations with a relevant geographic remit. The business board should be consulted on all relevant economic decisions. Local authorities must, in their integration plans, set out how they will ensure business boards are meaningfully involved in decisions and openly recruited or appointed, which will be a prerequisite for the release of future core funding. Any newly integrated business voice function should play an active role in partnerships such as Town Deal Boards, where those partnerships currently have local LEP participation at the request of local partners.
  - ii. In most instances, we would not expect the host local authority to undertake additional strategic economic planning or maintain additional local economic intelligence on behalf of the outstanding area for the reason set out in (a), unless there is a strong strategic and economic case.

- iii. With regards to the functions LEPs currently deliver on behalf of government departments, please see paragraph 5(c).
- c. The process for integrating LEP functions and roles into local authorities would look similar to LEP integration on pathway I, only a local authority would be the 'recipient'. We will similarly expect the local authority to produce an integration plan setting out how it intends to take on the LEP's functions and roles pertaining to the outstanding area, where this is the agreed local solution.
- d. Alternatively, a neighbouring (M)CA or institution with devolved powers for the purpose of hosting a county deal – but not a LEP – may, in some instances, be able to 'serve' the outstanding area. It will be for the (M)CA or institution with devolved powers for the purpose of hosting a county deal to ascertain whether this arrangement is legally feasible, considering, for example, the formal powers conferred by its devolution deal. Where it is feasible, a proportionate mechanism should be agreed for the outstanding area to be able to input into decision-making processes which have a bearing on its local economy. This mechanism should be jointly developed between the (M)CA or institution with devolved powers for the purpose of hosting a county deal and the council(s) covering the outstanding area.

## Timescales

17. We expect individual LEPs will need a variable amount of time to integrate into local democratic institutions.

- a. LEPs in areas where there are existing (M)CAs can be integrated over the coming year. Where integration can happen quickly, and if integration plans can be developed, given proper consideration and approved, mitigating any consequences for neighbouring areas and managing any implications for staff, where relevant, we will work with local partners to give effect to the integration of LEP functions and roles at the earliest practicable opportunity, subject to HMT business case approval. This will require submission of an integration plan before 29 July 2022. There will be a second opportunity to submit an integration plan, by 27 January 2023, where more time is needed. We expect that LEP integration into new (M)CAs or institutions with devolved powers for the purpose of hosting a county deal will likely take longer, considering the time required to negotiate, implement and legislate for new deals.
- b. We acknowledge that LEP integration in areas where devolved institutions do not presently exist will depend on the timing of any future devolution deal.
- c. Some LEPs on integration pathway III may need to wait until there is clarity on the outcome of local devolution negotiations to be able to fully consider their options for integration. Where there is uncertainty on local devolution, LEPs should engage with government.

18. Key near-term milestones during this period, which should be treated as illustrative, are outlined in **Annex B**.

## Integration plans

19. It is important that LEP functions and roles are considered as part of any deal negotiation process and that integration plans are developed in parallel. Integration plans must, at a minimum, take

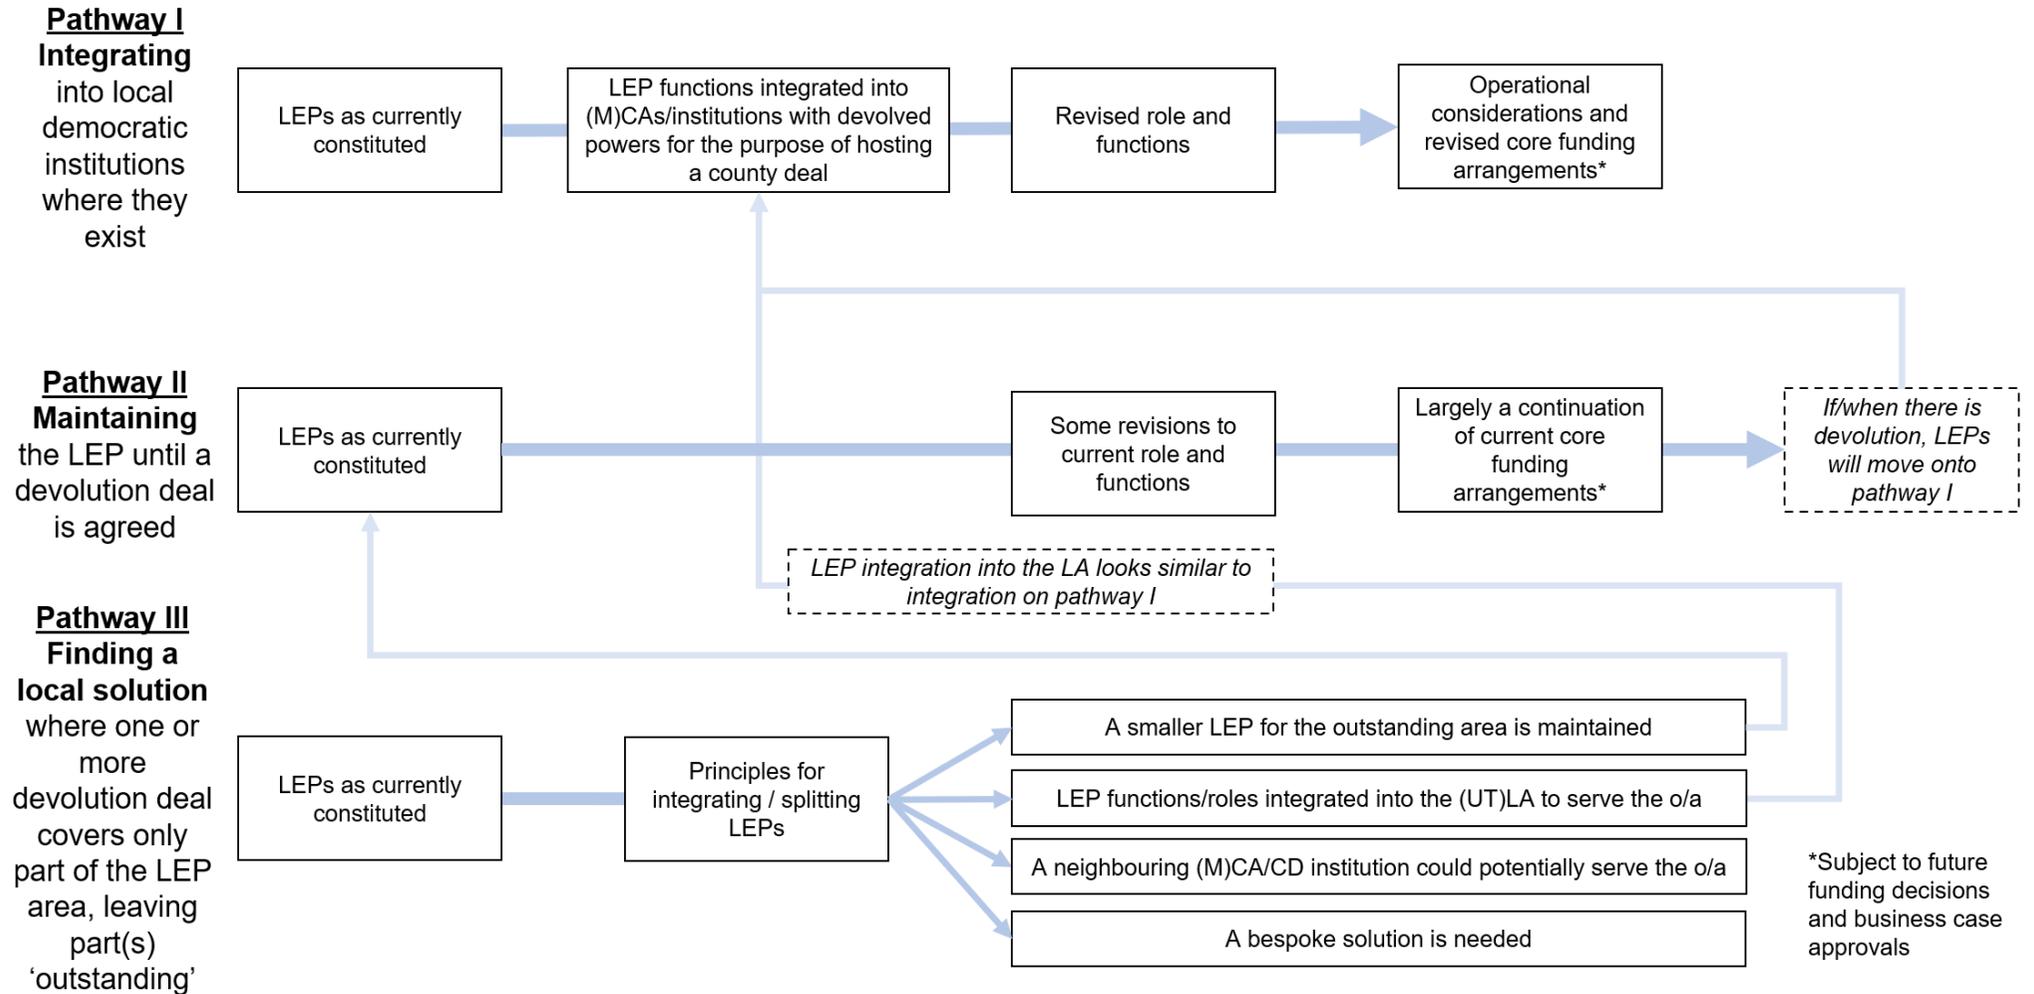

account of all of the above considerations and highlight any additional considerations that are locally specific. The plans must include considerations that are specific to existing LEPs, including how any outstanding liabilities, the transfer (novation) of contractual obligations, any capital underspend and assets will be dealt with. We expect individual LEPs will need to handle each matter differently depending on their present and historic circumstances. Where the LEP is to be integrated, (M)CAs and institutions with devolved powers for the purpose of hosting a county deal must have regard to whether the Transfer of Undertakings (Protection of Employment) (TUPE) principle applies, considering how they intend to discharge their new roles and functions. This matter should be treated with the upmost sensitivity. Should a LEP decide to wind down where its functions and roles are to be integrated, the plans should give regard to all matters and impacts that need to be considered as part of that process. We will provide an illustrative template for integration plans.

20. On integration pathway I, (M)CAs or institutions with devolved powers for the purpose of hosting a county deal will lead the development of the plans, setting out how the integration of LEP functions and roles will add value to and align with existing and scheduled activity. LEPs that already have the legal personality of a combined authority should still produce an integration plan, omitting considerations that do not apply. This also applies to the GLA. On integration pathway III, integration plans should be developed by the body that is to take on the LEP's functions and roles pertaining to any outstanding area(s) – i.e., the local authority, (M)CA or institution with devolved powers for the purpose of hosting a county deal, depending on the preferred local solution – led by their democratically accountable local leaders in consultation with other relevant parties. In both instances, the respective local LEP(s) should play a key role in co-developing the plan and should sign it off prior to its submission to government for consideration by the relevant departments. Key local stakeholders should be involved in the development of the plans from an early stage. Commercially sensitive information pertaining to the LEP may be submitted in parallel to the main integration plan. We will not require an integration plan for LEPs on integration pathway II unless and until there is local devolution – see paragraph 15 for the assurance considerations that apply to LEPs on this pathway.
21. The functions and roles agreed as part of the integration plans will form the basis of our core funding grant offer letter pertaining to LEPs on pathways I and III. Performance against these functions and roles will inform future individual core funding decisions. Where a LEP's functions and roles are integrated, individual integration plans will inform our approach to assurance.

## Engagement and next steps

22. To ensure as smooth a transition as possible, we will set up a regular rhythm of engagement with the LEP Network. We encourage individual LEPs to cascade initial questions about the transition to the LEP Network. We will pursue a similar arrangement at working level with the M10 group of Mayors for questions pertaining to combined authorities. LEPs that are set to be integrated over the coming year will, in due course, be assigned an 'account manager' within government – an Area Lead within the Cities and Local Growth Unit – who will be able to respond to and escalate locally specific issues and questions pertaining to the development of integration plans where required. Government will provide an illustrative template for these plans. For further information, and to submit integration plans once complete, contact: [LEP.Integration@levellingup.gov.uk](mailto:LEP.Integration@levellingup.gov.uk).

## Annex A – Integration pathways

## Annex B – Illustrative milestones

<b>2022</b>	
31 March	<ul style="list-style-type: none"> <li>LEPs, (M)CAs and local authorities receive and consider this letter and discuss the integration pathway that applies to them.</li> </ul>
April	<ul style="list-style-type: none"> <li>LEPs and (M)CAs should now have a sense of which integration pathway applies to them. Integration plans for LEPs that are to be integrated this year should begin to be developed, where local partners are able to move quickly. Government will provide an illustrative template for integration plans.</li> <li>CLGU officials will commence a regular rhythm of engagement with the LEP Network and, at working level, the M10 group of Mayors.</li> <li>LEPs and (M)CAs on integration pathways I and III will be assigned an ‘account manager’ who will support the transition to integration.</li> </ul>

**SOLENT  
LOCAL  
ENTERPRISE  
PARTNERSHIP**

**Solent Local Enterprise Partnership Meeting of the Board of Directors**

Held on Wednesday 16 March 2022 at 08:00 - 09:00

via Teams

<b>Present</b>	<b>In Attendance</b>
Anne-Marie Mountifield	James Fitzgerald (Portsmouth City Council - as the Accountable Body)
Brian Johnson (Chair)	Richard Jones (LEP Executive)
Alison Wilson	Stuart Baker (LEP Executive)
Ben Dowling	Crispin Dick (Company Secretary)
Edward Heron	Sarah Bosley (BEIS)
Graham Burgess	Jack Elias (CLGU)
Graham Barnetson	
Graham Galbraith	
Jo Sawford	<b>Apologies</b>
Lora Peacey-Wilcox	Daniel Fitzhenry
Rachael Randall	Nick Loader
David Youngs	Clare Mulholland (BEIS)
Paula Swain	Sophie Mallon (Portsmouth City Council - as the Accountable Body)

<b>Item</b>		<b>ACTION</b>
<b>1.</b>	<b>Welcome and Introduction</b> All were welcomed to the meeting and introductions were provided for Jack Elias as new area coordinator for the Solent at the Cities and Local Growth Unit.  <b>Apologies for Absence</b>  Apologies were noted from Daniel Fitzhenry, Nick Loader, Clare Mulholland and Sophie Mallon.	
<b>2.</b>	<b>Notes of meeting held on 10 December 2021.</b> The minutes from the Board meeting on 10 December 2021 were <b>Agreed</b> .	
<b>3.</b>	<b>Matters Arising and declarations of interest</b> The following matters arising were raised:  Page 2 - Meeting between Paula Swain and James Ford was confirmed to have taken place.	

Page 5 - Notice for the AGM has been issued to LEP Members.

Page 6 - Solent LEP Assurance Framework has been published and the S151 Officers confirmatory letter has also been submitted to HMG in line with the required timeframe.

#### Declarations of Interest

The following interests were noted ahead of the meeting:

##### Alison Wilson

Item 4 - Owner of Balmer Lawn Hotel - competitor to one applicant to Building Back Greener Fund

##### Anne-Marie Mountifield

Item 4 - Family member lives adjacent to Enterprise Zone

Item 6 – Chair of Maritime UK Solent Ltd and board Director

##### Brian Johnson

Item 4 – Chair of Solent Freeport Consortium Limited and board Director

##### Edward Heron

Item 4 - HCC scheme lead for Stubbington Bypass and EZ Road

##### Graham Barnetson

Item 4 - General interest noted in the IOW Floating Bridge (location of business)

Item 6 - Maritime UK Solent Ltd Director

##### Graham Burgess

Item 4 - HCC scheme lead for Stubbington Bypass and EZ Road

##### Graham Galbraith

Item 4 - University of Portsmouth lead for Centre for Enzyme Innovation Project

##### Lora Peacey-Wilcox

Item 4 - Isle of Wight Scheme lead for Floating Bridge 6 and Branstone Farm

##### Paula Swain

Item 4 - Solent Freeport Consortium Limited Director

##### Rachael Randall

Item 4 - General interest in the IOW Floating Bridge (location of business) and family member undertaking a degree apprenticeship where employer is the architect that designed the new brewery and visitor centre at Branstone Farm.

##### Stuart Baker

Item 4 - HCC scheme lead for Stubbington Bypass and EZ Road - spouse works in an unrelated role at HCC

Item 6 – Managing Director of Maritime UK Solent Ltd and Board Director

##### General Noting

	<p>Item 4 Appendix C (Risk Register) - Board Members are asked to delegate the agreement of the LGD risk register to the LEP Chief Executive and S151 officer. On this basis, all interests in relation to risk register are potential and for noting only. Board Members only required to withdraw from meeting if Board wish to discuss a specific project.</p>	
<p><b>4. Finance, Funding and Performance Management report</b></p>	<p>The Finance paper was taken as read and James Fitzgerald provided an overview of the current financial position, the latest position Getting Building Fund freedoms and flexibilities, and budget for 22/23 and 23/24 (including the significant revolving capital funds for 22/23). It was also noted that a budget for 24/25 was expected to come forward for consideration at the next Board meeting.</p> <p>The Board:  <b>Approved</b> the revised budget for 2021/22 and forecast outturn of £25,736,600 as set out in Appendix A and the revised budget for the period 2022/23 to 2023/24 as set out in appendix B is <b>Approved</b> which includes the following:</p> <ul style="list-style-type: none"> <li>• The current position of the LEP Loan Funds available as summarised in appendix D.</li> <li>• The latest position of the Local Growth Deal and Getting Building Funds as set out in appendices E1 and E2.</li> <li>• The re-profiling and budget movements as set out in the table in the papers.</li> </ul> <p>The LEP Board also:  <b>Noted</b> and <b>Agreed</b> the Corporate and Strategic Risk Register at appendix C.  <b>Noted</b> the update in relation to the LGD tail, the GBF programme progress and forecast tail as set out in paragraphs 3.1 and 3.2 and <b>Considered</b> the key risks highlighted in paragraph 3.3.  <b>Noted</b> the latest positions of the LGD and GBF at appendices E1 and E2.  <b>Considered</b> the high-level Risk Matrix for the Local Growth Programme at appendix F and <b>delegated</b> its Approval to the LEP Chief Executive and the Accountable Body's section 151 officer.</p> <p>Lora Peacey-Wilcox provided an update in relation to Floating Bridge 6 and then withdrew from the meeting.</p> <p>The Board:  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to the Floating Bridge 6 scheme attached at Appendices G1 and G2 and provided advice in relation to the final version of Appendix G2.</p> <p>Lora Peacey-Wilcox returned to the meeting.</p> <p>Stuart Baker provided an overview of the Building Back Greener Loan Fund and feedback was provided by the Board in relation to the development of future funding support.</p> <p>Alison Wilson withdrew from the meeting.</p> <p>The Board:  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to the Building Back Greener loan fund applications at Appendix L.</p>	<p><b>Executive</b></p> <p><b>Executive</b></p> <p><b>Executive</b></p>

	<p>Alison Wilson returned to the meeting.</p> <p>Graham Burgess and Edward Heron withdrew from the meeting.</p> <p>The Board  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to the Building Foundations for Growth Capital Grant at Appendix J.  <b>Considered</b> the update in relation to the Stubbington Bypass scheme and <b>Approved</b> the funding agreement variation to enable an additional draw down of funds in Q3 2022/23.</p> <p>Graham Burgess and Edward Heron returned to the meeting.</p> <p>Graham Galbraith withdrew from the meeting.</p> <p>The Board  <b>Considered</b> the update in relation to the Centre for Enzyme Innovation and <b>Approved</b> the funding agreement variation to enable a later claim in Q1 2022/23.</p> <p>Graham Galbraith returned to the meeting.</p> <p>Lora Peacey-Wilcox withdrew from the meeting.</p> <p>The Board  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to the Branstone Farm scheme at Appendix H.</p> <p>Lora Peacey-Wilcox returned to the meeting.</p> <p>The Board then;  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to the Centre for Electronics Frontiers scheme at Appendix I.  <b>Noted</b> the project specific updates by exception in paragraph 4 of the paper.  <b>Considered</b> the update and <b>Agreed</b> the recommended actions relating to one SME grant beneficiary at Appendix K.  <b>Agreed</b> next steps in relation to the Centenary Quay project as set out in Appendix F.  <b>Agreed</b> next steps in relation to the North Whiteley project as set out in Appendix F.  <b>Agreed</b> to delegate authority to the executive to finalise a variation to the funding agreement for the Hampshire and Isle of Wight Wildlife Trust to align with their land purchase in March 2022.</p>	<p><b>Executive</b></p> <p><b>Executive</b></p> <p><b>Executive</b></p> <p><b>Executive</b></p>
<p>6.</p>	<p><b>Report from Maritime UK Solent and consideration of their delivery plan for 2022/23</b>  Stuart Baker provided an overview of the Maritime UK Solent Business Plan.</p> <p>Anne-Marie Mountifield, Stuart Baker and Graham Barnetson withdrew from the meeting.</p> <p>The Board:</p>	

	<ul style="list-style-type: none"> <li>• <b>Considered</b> the Maritime UK Solent Business Plan and independent review, and;</li> <li>• <b>Agreed</b> the recommendation provided as part of the independent review</li> </ul> <p>Graham Barnetson returned to the meeting.</p>	<b>Deputy Chief Executive</b>
7.	<p><b>Any other business</b></p> <p><u>Forward Plan</u></p> <p>The Board:</p> <ul style="list-style-type: none"> <li>• <b>Considered</b> and <b>Agreed</b> the forward plan.</li> </ul> <p>The Board thanked the executive for their work culminating in the Solent LEP being awarded the Clean Maritime Enabler Award at the national Maritime UK Awards on 10<sup>th</sup> March 2022.</p>	

**Meeting closed at 09:00**

DRAFT

**13.5.2022**

**Item 7**

**Finance and Funding Report**

**Item Number:** 7  
**Item Title:** Solent LEP Finance, Funding and Performance Management Report  
**Meeting Date:** 13 May 2022  
**Purpose:** For Information, Advice and Decision

---

## 1. Introduction

- 1.1 This report provides the LEP Board with the final outturn position of all the LEP funds to the end of the 2021/22 financial year against the final revised budget and the forecast budget for the period up to and including 2024/25.
- 1.2 The opening budgets are as approved at the LEP Board meeting on 11 March 2022 and the report sets out the final outturn for the 2021/22 financial year which includes the latest positions of the two major funding programmes, the Local Growth Deal and the Getting Building Fund.
- 1.3 The report explains any major variances and or reprofiling as well as the key risks for the Board to consider and recommends action where appropriate to ensure that all the LEP's funds are managed proactively and also to mitigate the potential to have to return any funding to Government.

## 2. Recommendations

2.1 It is recommended that the LEP Board:

- (i) **Approve** the final outturn for 2021/22 of £28,101,453 as set out in Appendix A
- (ii) **Consider** and **Approve** the revised budget for the period 2022/23 to 2024/25 as set out in appendix B which includes the following:
  - An initial estimate for the 2024/25 financial year to maintain a three-year rolling budget forecast
  - The current position of the LEP Loan Funds available as summarised in appendix D.
  - The latest position of the Local Growth Deal and Getting Building Funds as set out in appendices E1 and E2 respectively.
  - The re-profiling and budget movements as set out in the table in paragraph 3 below.

The LEP Board are also asked to:

- **Note** and **Agree** the Corporate and Strategic Risk Register attached at appendix C.
- **Note** the update in relation to the LGD tail, the GBF programme progress and forecast tail as set out in paragraphs 3.1 and 3.2 and **Consider** the key risks highlighted in paragraph 3.3 of this report.
- **Note** the latest positions of the LGD and GBF as attached at appendices E1 and E2.
- **Consider** the high-level Risk Matrix for the Local Growth Programme attached at appendix F and delegate its Approval to the LEP Chief Executive and the Accountable Body's section 151 officer.
- **Note** the project specific updates by exception in paragraph 4 below.
- **Consider** the following Funding calls and **Agree** to delegate authority to the LEP Executive to finalise for launch:

- Solent Prosperity Loan Fund (appendix G)
- Solent SME Priority Sectors Loan Fund (appendix H)
- **Agree** the proposal to develop a pilot £250,000 funding programme for SME start-up grants and delegate authority to the LEP executive to finalise for review by the BSIP and approval by FFPMG at their next meeting
- **Consider** and **Agree** the proposal to ring-fence £11m for loan funding call to support the objectives of Solent Freeport
- **Consider** and provide **Advice** on the options identified for the development of a Solent Equity Fund.
- **Consider** the update on the Solent Enterprise Zone Road project and appendix I and **Agree** the recommendations contained within it.
- **Consider** the draft proposal attached at appendix J on the EZ retained rates and **Agree** for the Accountable Body and LEP Executive to finalise to begin this work strand.

### 3. **Key Budget Movements and Associated Issues - 2021/22 to 2023/24**

The additional resources / budget re-profiling since the last meeting of the LEP Board on 11 March 2022 is set out in table 1 below.

	Previous Years to 2020/21 £000's	Actual 2021/22 £000's	Forecast 2022/23 £000's	Forecast 2023/24 £000's	Forecast 2024/25 £000's	Total £000's
<b>Budget Agreed at LEP Board on 11 March 2022</b>	<b>205,979</b>	<b>25,737</b>	<b>33,721</b>	<b>8,125</b>	<b>0</b>	<b>273,562</b>
Core Funding for 2022/23			375			375
Skills Advisory Panel (re-profiling / additional)		42	13			55
Growth Hub for 2022/23			268			268
Interest on earned balances			(375)	30	612	266
LGD re-profiling		1,861	(1,861)			0
GBF reprofiling		530	(530)			0
Miscellaneous minor adjustments		(15)	15			0
Peer Networks		(5)				(5)
Operational Costs		(49)	49			0
Careers Hub to August 2023			136	150		286
Careers hub matched funding requirement			30	30		60
Release from reserves for CEC match funding			(30)	(30)		(60)
SME support re-profiling				(200)	200	0
Growing Places Loan fund reprofiling				(1,500)	1,500	0
LGD Loan fund reprofiling				(460)	460	0
GBF Loan fund reprofiling				(475)	475	0
Operational costs reprofiling			(60)		60	0
Reprofiling of contingency / Reserves				(835)	335	(500)
GPL programme management costs reprofiling				(40)	40	0
LGD / GBF Loans - Programme Management Costs reprofiling				(50)	50	0
Further Growth Hub provision funded by contingency				250	250	500
Capacity Funding reprofiling			(181)	108	73	0
<b>Revised Budget</b>	<b>205,979</b>	<b>28,101</b>	<b>31,570</b>	<b>5,103</b>	<b>4,054</b>	<b>274,807</b>
<b>Cumulative Net GPL Fund Reserve Balance (see appendix D for details)</b>		<b>16,243</b>	<b>4,847</b>	<b>1,673</b>	<b>0</b>	

#### 3.1 Final Outturn for 2021/22

The final outturn for the 2021/22 financial year is higher than was anticipated at the Board meeting on 11 March with the main exceptions being that two large payments were made on the Stubbington Bypass and Branstone Farm projects before 31 March 2022 which is purely a budget profiling point and not an overspend.

One other point to note is that the Skills Advisory Panel expenditure was higher than anticipated. Funding for this was previously reprofiled into the following financial year however the activity did take place in the 2021/22 financial year so the funding will be drawn upon accordingly to match this.

Overall, the LEP has again performed strongly during this year to ensure that the major projects and programmes have defrayed a significant level of funding to enable them to complete or progress towards completion in the near future. Similarly, the Growth Hub, Peer Network and Enterprise Advisor activities that are provided with annual funding have maximised the resources allocated for their operation and delivery.

### **3.2 Local Growth Deal Tail**

There remains a small tail on the Local Growth Deal programme which consists in the main of three major, multi-year projects, Stubbington Bypass, North Whiteley Transport improvements and the A326 Highways improvements all of which are progressing towards completion with the £42m (£34m LEP funded) Stubbington Bypass scheme due to open by Summer 2022.

The remaining LGD funding is the £4.6m set aside to provide loan funding, the details of which are set out in paragraph 6.

Progress on the defrayal of all the LGD tail funding will continue to be reported at each FFPMG and Board meeting in order to enable all members to track progress against each of the remaining projects.

The financial status of the entire LGD programme can be found at appendix E1, alongside the updated status of each scheme which have also been RAG rated in the high-level delivery risk matrix at appendix F. Where there are specific issues these have been set out in paragraph 3.4.1 below.

### **3.3 Getting Building Fund (GBF)**

The Getting Building Fund programme has continued to deliver well in 2021/22 and the overall financial position of the GBF programme is attached at appendix E2, with the updated status of each scheme RAG rated in the high-level delivery risk matrix at appendix F.

### **3.4 Specific Project Updates by Exception**

There are a number of projects across a range of funding programmes where the Board need to consider updates and in some cases to agree recommended actions from the LEP Executive, the Accountable Body and FFPMG. These are summarised below.

#### **3.4.1 Local Growth Deal Capital Programme**

##### North Whiteley Consortium - North Whiteley

As agreed by the Board at the meeting in March, a meeting will be scheduled to further explore the requirement for the executed S278 agreements to be in place prior to work commencing on the highways elements of phase 2. A verbal update will be given at the board meeting in relation to this.

In terms of the broader scheme, the highways infrastructure for phase one was completed in the early months of 2021, phase three continues to be delivered ahead of schedule, and housing delivery is ahead of schedule across the scheme as a whole. Board members may wish to view the latest drone footage showing progress across all phases as at April 2022 at the following link: <https://youtu.be/iqyTj1v5yw>

#### **3.4.2 Getting Building Fund (GBF) Capital Programme**

Updated narratives where applicable have been added to the risk register at appendix F which

##### Project change request

The final project to receive funding from the GBF is now subject to HM Government approval of a Project Change Request and a verbal update will be given at the meeting.

#### **3.4.3 Solent Enterprise Zone Road (Building Foundations for Growth Capital Grant)**

Progress has been made in relation to this project and a full update is provided in appendix I

#### 4. Solent Enterprise Zone - Retained Rates

Board members are reminded that any growth in business rates received above the agreed baselines can be used to fund projects on the Enterprise Zone or wider across the LEP geography to help to deliver economic growth for the local area.

The LEP Executive and Accountable Body have commissioned KPMG to provide a proposal to update the latest position in terms of the accrued and forecast retained rates at the Solent Enterprise Zone.

The draft proposal is attached at appendix J.

#### 5. Build Back Greener Loan Fund

The Board were provided with an update on the Build Back Greener Loan Fund at its meeting in March 2022 and a verbal update will be provided at the meeting.

#### 6. New Funding Call(s)

At the March Board meeting, under item 4 (appendix L) the Board considered and provided advice on future funding programmes. The Executive has prepared the following bidding prospectuses, and these are provided in annexes G and H, respectively. A short presentation will be provided at the meeting summarising the two funds:

- Solent Prosperity Loan Fund (£5m) (appendix G)
- Solent SME Priority Sectors Loan Fund (£1m) (appendix H)

Alongside this work is underway to bring forward a pilot SME start up £250,000 grant programme for 2022/23, and this will be considered by the Business Support Investment Panel who will provide advice on the prospectus for FPPMG to consider and approve at their next meeting.

At the March meeting, the Board agreed the principle of ring-fencing LEP capital funding to support Freeport projects, in lieu of retained business rates accrued from Freeport Tax Sites being available. It is recommended the LEP ring-fence £5m for this purpose, and that the Executive develop a loan funding call for capital projects that support the objectives of Solent Freeport, namely:

- Establish the Solent Freeport as a hub for global trade and investment across the UK
- Promote regeneration and job creation
- Create hotbeds of innovation and skills, pioneer approaches to climate change adaptation and decarbonisation and accelerate the transition to a “Net Zero” economy.

Finally, the Executive has undertaken some initial consideration into the development of an equity funding product to support the commercialisation of new products and services. In this regard the following options have been identified:

- Develop an equity funding product in house, through the Accountable Body
- Procure a third-party organisation that specialises in equity funding to deliver an investment programme on behalf of Solent LEP
- Establish a new special purpose company, bringing together a range of investors to create a Solent Equity Fund.

The Board are asked to consider and provide Advice on the options identified for the development of a Solent Equity Fund.

#### 7. Additional Funding

Since the March Board meeting the LEP have received formal notification of a number of funding allocations for the 2022/23 financial year and the Accountable Body have also calculated the interest earned on LEP funds held but not defrayed in the 2021/22 financial year.

The funding notified from Government and AB interest is as follows:

- Annual Core Funding - £375,000 (reduced from the usual £500,000)
- Growth Hub £268,250 - (reduced from the usual £536,500)\*
- Skills Advisory Panel - £55,000 (same as previous years)
- Careers Hub - £286,200 with additional funding opportunities open for application during 2022.
- Interest - £265,500

\*In order to provide further certainty of funding for the Growth Hub a further £250,000 of LEP resources has been allocated to the 2023/24 and 2024/25 financial years which has been taken from the contingency / reserves budget.

As ever the Accountable Body has been prudent and not added any sums to the budget before it has had formal confirmation so these sums have now been added to the budget and can be used to fund LEP core activities with the interest being flexible to use across any LEP activity whether this is of a revenue or capital nature.

## **8. Operational Costs / Core Funding**

The LEP Executive and the Accountable Body have always been proactive, providing a three-year rolling budget to enable the Board to be able to make strategic decisions and in line with this a new draft budget for 2024/25 has been added to the financial forecasts.

Even though the larger capital funding is now being routed through local authorities the LEP still have a significant budget across the next three financial years with over £40m of activity to manage.

The LEP is receiving external income from the Solent Freeport for the provision of executive support as well as contributions to posts it shares with Maritime UK, Havant Borough Council, Southampton City Council and Isle of Wight Council and this is reflected in the operational costs which show the net position of the staffing costs.

The LEP Executive team are considering the most optimal staffing structure to deliver the required activity going forward and have been working closely with the Accountable Body to understand the affordability across different options and it is intended to discuss this with SERCOM on 18 May 2022.

## **9. Financial Summary**

The final outturn for the LEP Budget for 2021/22 is set out in appendix A and the future years forecasts are shown in appendix B with the main financial risks highlighted in this report.

Appendices E1 and E2 shows the overall position of the Local Growth Deal and Getting Building Fund programmes respectively including the tail funding that is being managed across the 2022/23 and 2023/24 financial years.

As highlighted in this report due to the complex nature of some of these projects and delays that the Covid-19 pandemic inevitably caused, the Accountable Body has enacted the freedoms and flexibilities made available by HMG by re-profiling relatively small funding tails of both the LGD and GBF into the 2022/23 financial year.

An initial budget for 2024/25 has been established to maintain the good practice of a three-year rolling budget and whilst at this stage there is a lack of certainty of the funding that will be available a core operational budget has been established and both loan and SME grant activity will be continuing.

The contingency / reserves budget has been maintained at a strong level in order to provide the Board with the flexibility to react to ongoing developments as the future direction of LEPs continue to evolve.

The FPPMG and the LEP Board will continue to receive an update at each meeting regarding the progress against the LGD and GBF tails.

The risks of both programmes continue to be reported and monitored in the funding risk register at appendix F where all projects are regularly reviewed and have the latest RAG rating attached to them.

The Accountable Body will continue to provide up to date and accurate advice to ensure that all LEP funds are spent with regularity and propriety, that they secure value for money for the public purse and maximise investment opportunities for the area.

## **10. Equality impact assessment**

An EIA is not required at this stage. EIA's are not required for note items and, in relation to decisions, these relate to agreement of programme-wide budgets (as opposed to any new investment decisions) and internal risk registers.

## **11. Legal implications**

To follow

12. **Financial comments from the S151 Officer of the Accountable Body**

All of the financial information and associated implications are reflected in the body of the report and the Appendices.

**Governance Update**

## Item 8

**Title:** Governance Update  
**Date:** 13<sup>th</sup> May 2022  
**Purpose:** For Information and Decision

---

### Overview

The following paper provides Board Members with an update in relation to a range of key Governance activity, including;

- Development of the Solent LEP Delivery Plan
- Succession Planning and Director Recruitment
- Annual Performance Review
- Management of Interest

### Development of the Solent LEP Delivery Plan

In line with the requirements of the [National Local Growth Assurance Framework](#), Board Members considered the content for the draft 2022-23 delivery plan at their meeting in March 2022.

Sine this time, the LEP has received the final feedback from Government on the LEP Review. A copy of this information previously shared with Board Members is provided under item 3 for the meeting and Board Members should note that, for LEPs on pathway II, the document contains relevant guidance on the process relating to delivery plans as follows:

*"As part of the current assurance monitoring process, we ask that all LEPs publish their delivery plans for the coming year (2022/23) by 30 June 2022 at the latest. These documents should set out how LEPs intend to use the full range of their core functions and roles (as set out in paragraphs 13a–d) to support their local economies and local decision-making. Government will work with LEPs to develop measures to report against in these plans. These will be considered as part of the annual assurance process. The National Local Growth Assurance Framework (NLGAF) will continue to apply to LEPs as at present.*

*For future years, we will ask LEPs on this pathway to agree delivery plans alongside delivery and performance metrics with government in advance of publication. Our current expectation is that LEPs will need to submit draft delivery plans for 2023/24 by 25 November 2022. Future provision of core funding will be subject to agreement of these plans with government and, thereafter, subject to meeting agreed delivery and*

*performance metrics. We intend to amend the NLGAF over the coming year to ensure our future requirements of LEPs remain proportionate to their revised role and functions."*

The current delivery plan has been reviewed in the context of the LEP Review guidance and this has not resulted in a need for substantive changes to content previously considered by the Board. The document has also now been through the design process and a final draft is attached at Annexe A for review.

Board Members are asked to:

- **Agree** the Delivery Plan at Annexe A for publication ahead of the 30<sup>th</sup> June 2022 deadline.

### **Succession Planning and Director Recruitment**

The application process for new Business Members and Board Director candidates is now live and will close on Tuesday 17<sup>th</sup> May 2022. A verbal update will be provided at the meeting and SERCOM are scheduled to convene on 27<sup>th</sup> May 2022 to review all applications received for eligibility purposes ahead of launching the election process.

In relation to the LEP Chair vacancy, SERCOM are due to meet on 18<sup>th</sup> May 2022 to consider the position and, following this, advice will be provided to the LEP Board at their meeting on 22<sup>nd</sup> July to consider ahead of launching a recruitment process. Board Members will be aware that Rachael Randall has been appointed to the role on an interim basis to ensure continuity in business leadership for the LEP and this position has now been announced as part of the Solent LEP 2022 AGM.

In addition to the above Business Director and Chair vacancies, Cllr Ben Dowling has advised that he will no longer be a councillor from 5<sup>th</sup> May and has therefore advised of his intention to resign from his position as of this date. On this basis, there is a vacancy on the LEP Board for a new Public Sector (P) Director.

In relation to filling the vacancy, it is usual practice for the P Members to meet at a class meeting to discuss and agree any changes to their P Director representatives, with the decision subsequently ratified by the P Membership via a written resolution.

Under the LEPs Articles, class meetings of the P Membership may be called by the P Directors and, on this basis, the Solent LEP P Directors are asked to:

- **Agree** to call a class meeting of the P Membership to discuss changes to the P Director Board appointments, and
- **Delegate Authority** to the Company Secretary and Executive to issue notice of the class meeting to P Members in line with the requirements of the Articles of Association.

### **Annual Performance Review**

Following previous updates on the Solent LEP Annual Performance Review (APR) with HM Government, the Solent LEP has now received feedback from HM Government. An update will be provided at the meeting.

Board Members are asked to:

- **Note** the update on the Annual Performance Review.

### **Management of Interests**

Board Members have previously been provided with regular updates from the Solent LEP Executive and Company Secretary in relation to the management of interests in the context of the HM Government Local Growth Assurance Framework, Company law and the Solent LEP Articles of Association.

In addition, further to the Board agreement to establish a compulsory, externally led, annual training programme for Directors, a two hour session led by Bevan Brittan LLP is in the process of being scheduled. The session will include a briefing on director duties at law and under the constitution, the implications of breaching these duties and practical guidance on how to approach potential conflicts. The second hour will take the format of a workshop session with practical example case studies for discussion.

Board members are required to consider the registers of interests of other board members. They can be accessed in the following link <https://solentlep.org.uk/who-we-are/solent-lep-board/board-biographies/>

In preparation for the authorisation of interests at the May 2022 Board meeting, all Board Members have been asked to review their own registers of interest and complete a new return on the 2022/23 template.

At the meeting on 22 May 2022, Board Members will be asked to:

- **Consider** the extent that any interests on the Register of Interests forms submitted by Directors give rise to situations in which those Directors have, or could have, a direct or indirect interest that conflicts with, or might possibly conflict with, the interests of the company (for the purposes of section 175 of the Companies Act 2006), and having considered whether authorisation of such possible conflicts is in the best interests of the company, to
- **Authorise** those potential conflict situations subject to the proviso that if any such possible conflict materialises as an actual conflict:
  - I. the conflicted director is absent from the part of the meeting at which there is discussion of any arrangement or transaction giving rise to the conflict;
  - II. the conflicted director does not vote on any such matter and is not to be counted when considering whether a quorum of directors is present at the meeting.

### **Equality impact assessment**

An EIA is not required at this stage. Any considerations contained within the governance update that relate to items to be considered for a decision by the Solent LEP will remain subject to an appropriate EIA, and appropriate consultation, at such time they were to be considered.

**Legal implications**

To follow.

**Financial comments from the S151 Officer of the Accountable Body**

There are no specific financial implications arising from this report.

**13.5.2022**

**Item 8 - Annexe A**

**A confidential report will be considered at the meeting**

**13.5.2022**

**Item 9**

**General Updates from Board Leads**

**13.5.2022**

**Item 10**

**Forward Plan**

**Item:** 10  
**Title:** Any other business – LEP Board forward plan  
**Date:** 13 May 2022  
**Purpose:** For information and decision

---

Confidential information has been removed from this report.

Information defined as exempt in Part 1 of Schedule 12A to the Local Government Act 1972 has been removed from this report including:

- information relating to an individual, and/or;
- relating to the financial or business affairs of a particular person.

#### 1. **Draft Resolution:**

The Board is asked to:

- **Consider and agree** the forward plan as set out below

#### 2. **Summary**

At the previous Board meeting a forward plan was agreed. The board are now asked to agree the revised forward plan as follows:

#### **Board strategy session – Date to be advised**

- Levelling up and the LEP review
- Net zero and green finance

#### **22 July 2022 (9.00 am to 12.00 pm) venue to be advised**

- Update on the Solent Enterprise Zone
- Finance and funding report to include mid-year review of:
  - Local Growth Update including Getting building Fund programme completion
  - In-year budget position for 2022/23 and financial forecasts to 2023/24
  - Review of Risk registers
- Governance update to include:
  - Board recruitment and Chair appointment
  - 2021/22 Annual report from SERCOM
  - 2021/22 Annual Internal Audit report
- General update to include:
  - Report from the Business Support task group
  - Report from the Solent Growth Forum
  - Report from Skills Advisory Panel

- Report from the Net Zero Commission

### **7 October 2022 (9.00 am to 12.00 pm) virtual meeting**

- Maritime UK Solent mid-year report
- Update from Solent Freeport
- Finance and funding report to include mid-year review of:
  - Local Growth Update including Getting building Fund programme completion
  - In year review for 2022/23 and financial forecasts to 2023/24
  - Funding call update
  - Review of Risk registers
- Update on the Solent Skills Action Plan, CEC delivery and LSIP's
- Mid-year review of Solent LEP Delivery Plan for 2022/23 and draft delivery plan for 2023/24
- General update to include:
  - Report from the Business Support task group
  - Report from the Solent Growth Forum
  - Report from the Net Zero Commission

### **2 December 2022 (9.00 am to 12.00 pm) venue to be confirmed**

- Maritime UK Solent mid-year report
- Update from Solent Freeport
- Finance and funding report to include mid-year review of:
  - Local Growth Update including Getting building Fund programme completion
  - Mid-year review for 2022/23 and financial forecasts to 2023/24
  - Review of Risk registers
- Governance update to include;
  - Update from SERCOM on board development
  - Preparation for 2023 AGM and draft AGM agenda
  - Local Assurance Framework Review for 2023/24
- General update to include:
  - Report from the Business Support task group
  - Report from the Solent Growth Forum
  - Report from the Net Zero Commission
  - Report from Solent freeport

### **3. Equality Impact Assessment (EIA)**

An EIA is not required at this stage. Any considerations contained within the forward plan that relate to items to be considered for a decision by the Solent LEP will remain subject to an appropriate EIA, and appropriate consultation, at such time they were to be considered.

### **4. Legal Implications**

There are no legal implications arising from this report to the Board. Any legal considerations arising out of the work streams pursuant to this forward plan going forward will be reviewed separately as and when required.

**5. S151 Officer of Finance Comments**

There are no financial implications arising from this report to the Board. All reports considered by the Board at future meetings will contain comments on any specific financial implications arising from the content within them.
