Item 4 Audit Update

Item: 4

Title: Internal Audit Update

Date: 20th April 2023

Purpose: For information and approval

Draft Resolution:

FFPMG is asked to:

Note the progress against plan for Internal Audit activities in 2022/23, as set out in Annex A,

- <u>Consider</u> the following PCC Internal Audit reports as set out in Annex B:
 - o Careers Enterprise Company Follow up review
 - o Grant Agreements Full audit review

• Approve the proposed 2023-24 annual audit plan as set out in Annex C.

1. Background

There is no legal requirement for the Solent LEP to procure internal auditing services, however as the Accountable Body (AB), Portsmouth City Council, is required to 'undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes' in accordance with the Accounts and Audit Regulations 2015 Section 5. Solent LEP and PCC signed a Service Level Agreement for the provision of Internal Audit Services. The SLA is periodically reviewed and any changes in the provision of services provided will be included.

2. Purpose of report

This report is to inform the FFPMG of the status of the agreed audits and to give a summary of the audits completed since the last reporting period as detailed above (Annex A & B).

In addition, this report also presents the proposed 2023/24 annual audit plan for consideration and approval (Annex C). Progress against the agreed plan will be communicated to FFPMG throughout the course of the year.

3. Reporting on progress to plan and audits completed since the previous reporting period:

Two audits have been completed since the previous reporting period and details of the results are contained within Annex B.

4. Conformance with Public Sector Internal Audit Standards (PSIAS)

Under PSIAS 1310 there is a requirement that, as part of the quality assurance and improvement programme internal and external assessments (of conformance with the Standards) must be

undertaken. Standard 1311 allows for periodic self-assessments, which for Portsmouth City Council has been carried out each year since the standards were introduced.

Standard 1312 require that an external assessment must be conducted at least once every five years by a qualified, independent assessor or assessment team from outside the organisation. For 2022/23 an external assessment was undertaken in agreement with the standards and key individuals within Portsmouth City Council. The results confirm the Internal Audit Service's conformance to PSIAS.

5. Proposed Annual Audit Plan for 2023-24 (Annex C)

On an annual basis, the Chief Internal Auditor, in accordance with the PSIAS is required to produce an Annual Plan that translates into a schedule of audit assignments. The plan defines the areas and potential scope inclusion and must provide a sufficient review of the SLEP's functions to form an annual opinion on the effectiveness of the control framework. The plan must be proportionate to the risk exposure and appropriately aligned to any strategic objectives.

In previous years audit coverage has been determined following discussions with the SLEP Chief Executive. Consideration has been given to covering all activities, contained within the audit universe (any area/ activity that maybe subject to an audit review) over at least, a five-year period. All areas deemed medium to high have now been covered and therefore a reduced plan, aligned to risks for this year is proposed. The plan contains a mixture of full audits and follow ups. The follow ups are carried out to ensure that actions have been fully implemented within agreed timescales, following the original audit. Only the outstanding areas will be retested.

6. Summary

Progress has been made to complete the 2022/23 audit plan as noted above.

Further information about any aspects of this report can be obtained from Elizabeth Goodwin (Chief Internal Auditor), or Paul Somerset (Deputy Chief Internal Auditor).

FFPMG members are asked to.

- Note the progress against plan for Internal Audit activities for 2022/23 as set out in Annex A,
- Consider the following PCC Internal Audit reports as set out in Annex B:
 - o Careers Enterprise Company Follow up review
 - Grant Agreements Full audit review
- Approve the proposed 2023-24 annual audit plan as set out in Annex C.

Funding, Finance and Performance Management Report

Item Number: 6

Item Title: Solent LEP Finance and Funding Report

Meeting Date: 20 April 2023

Purpose: For Information, Advice and Decision

1. Introduction

- 1.1 This report provides the Finance, Funding and Performance Management Group with the forecast outturn for the 2022/23 financial year and the forecast budgets for the period 2023/24 to 2024/25.
- 1.1 The budgets are as approved at the LEP Board meeting on 31 March 2023 and the report sets out the projected outturn subject to any final amendments as part of the closing of accounts process which includes the latest positions of the two major funding programmes, the Local Growth Deal and the Getting Building Fund.
- 1.2 The report explains any major variances and or reprofiling as well as the key risks for the FFPMG to consider and recommends action where appropriate to ensure that all the LEP's funds are managed proactively and also to mitigate the potential to have to return any funding to Government.

2. Recommendations

- 2.1 It is recommended that the FFPMG:
 - (i) <u>Endorse</u> the forecast outturn position for the 2022/23 financial year of £7,203,902 as set out in appendix A, the original budget for 2023/24 and the forecast budget for 2024/25 as set out in appendix B and <u>Recommend</u> them for approval by the LEP Board on 26 May 2023 which includes the following:
 - The current position of the LEP Loan Funds available as summarised in appendix D.
 - The latest position of the Local Growth Deal and Getting Building Funds as set out in appendices E1 and E2 respectively.
 - The re-profiling and budget movements as set out in the table in paragraph 3 below.

The FFPMG are also asked to:

- Note and Agree the Corporate and Strategic Risk Register attached at appendix C.
- Note the latest positions of the LGD and GBF as attached at appendices E1 and E2.
- <u>Consider</u> the high-level Risk Matrix for the Local Growth Programme attached at appendix F and delegate its **Approval** to the LEP Chief Executive and the Accountable Body's section 151 officer.
- Agree to pause work on the development of a new Loan Funding product pending advice on the range of investment mechanisms available to the LEP.
- Note the update on the Growth Hub funding in paragraph 6
- <u>Consider</u> the update to the Maritime Innovation Hub project in confidential appendix G and <u>Agree</u> the recommendations contained within it.

3. Key Budget Movements and Associated Issues - 2022/23 to 2024/25

The additional resources / budget re-profiling since the last meeting of the LEP Board on 31 March 2023 is set out in table 1 below.

	Previous Years to 2021/22 £000's	Forecast 2022/23 £000's	Forecast 2023/24 £000's	Forecast 2024/25 £000's	Total £000's

Released LEP allocation for Growth Hub funding transferred to contingency			250		250
Estimated interest on balances for 2022/23			500		500
Revised Budget	234,080	7,343	29,115	5,940	276,479
Cumulative Net GPL Fund Reserve Balance (see appendix D for details)		13,760	3,559	0	

4. Outturn for 2022/23

4.1 The forecast outturn of £7,203,902 for the 2022/23 financial year reflects the actual activity of the Solent LEP and subject to any final amendments as part of the formal closing for accounts process will be the final position that will be confirmed at the LEP Board at its meeting on 26 May 2023.

4.2 Local Growth Deal and Getting Building Fund

As the Board will be aware the Accountable Body used the Freedoms and Flexibilities available to it under the National Assurance Framework to allow tails of the Local Growth Deal (LGD) and Getting Building Funding (GBF) to continue past 31 March 2021 and 2022 respectively.

There remains a small tail on the LGD and GBF programmes now forecast into the 2023/24 and 2024/25 financial years of approximately £11m (6%) which consists mainly of the very final payments for the large multi-year transport schemes which are approaching completion and the remaining loan funding.

A detailed breakdown of the financial status of the entire LGD and GBF programmes are attached at appendices E1 and E2. The LEP Executive and the Accountable Body continue to work closely with the remaining projects to manage any possible challenges and ensure that they can be finalised so that the remaining funding can be defrayed as soon as possible.

All the live projects in the LGD and GBF are included in the high-level delivery risk matrix at appendix F which includes the latest project updates, proposed mitigations and a RAG rating with a direction of travel for FFPMG members to consider and track the progress of the remaining projects.

4.3 Specific Project Updates by Exception

The scheme leads from the projects that are seen as the highest risk are presenting the latest position of their projects under item 3 of this agenda.

The risks and mitigations for each of these projects have been updated accordingly in Appendix F and the FFPMG are asked to consider these and **Agree** the associated recommendations.

Maritime Innovation Hub

FFPMG are asked to consider the update to the Maritime Innovation Hub project in confidential appendix G and <u>Agree</u> the recommendations within.

5. Loan Funds Update

As updated under section 7, below, the LEP Board has agreed to commission KPMG to provide advice to the LEP on the opportunities and risks associated with a range of investment mechanisms the LEP could utilise with the aim of returning a net contribution to work of the LEP. An update on this work will be reported to the LEP Board in May 2023,

and therefore it is recommended that work on the development of a new Loan Fund is paused pending consideration of this wider advice.

6. Growth Hub

The LEP received a letter from the Department for Business and Trade on 29 March confirming that the Solent LEP has been awarded £298,250 of funding for 2023/24 which is an increase of £30,000 from the previous year. As this funding is only confirmed on an annual basis the board agreed some time ago to allocate £250,000 per annum of its own resources to provide certainty to the staff and the ongoing deliverability of this important service. Due to the fact that government have confirmed funding for 2023/24, the £250,000 that the LEP has allocated can be released and this sum has been added to the reserves budget line for direction of the Board.

7. Equity Update

Further to board the discussion at the LEP Board meeting on 31st March 2023, the LEP has now commissioned KPMG to provide advice to the LEP on the opportunities and risks associated with a range of investment mechanisms the LEP could utilise with the aim of returning a net contribution to work of the LEP. This will report to the LEP Board in May 2023.

8. Careers Enterprise Company (CEC) Funding

The LEP received a letter of comfort in March 2023 as the CEC are progressing the Grant agreement with The Department of Education (DfE) and grant letters can only be sent out once CEC and DfE have signed the GFA. It is anticipated funding will be at the same level, however there will be greater flexibility with the Local Hub fund which will include funding, that in the past has been applied for separately. The LEP are working in Partnership with Business South's Maritime Transport and Logistics Group (MTAG) to create a shared role. Funding will be drawn down from the existing 2022/23 contract and match funding will be provided by MTAG for a 2 year fixed term FTE.

9. Three Year Corporate Plan

The FFPMG will be aware that there is a proposed direction of travel for the Solent LEP which the board agreed in principle at its meeting on 31 March and an indicative version of the budget under the proposed new model is being discussed under item 5 of this agenda.

It can be seen from this that it does reconcile with current approved budgets but it also sets out potential future sources of funding that may be available going forward.

Should this be finally approved by the Board then this revised format will be reported as the main budget at future meetings.

10. Operational Costs / Core Funding

The LEP Executive and the Accountable Body have always been proactive, providing a three-year rolling budget to enable the Board to be able to make strategic decisions which includes providing the required resources to meet the operational requirements of the LEP.

As traditional levels of funding from Government to support staffing have started to reduce, the action to build up reserves to mitigate this has provided the LEP Executive with time to scenario plan the best way to shape the organisation going forward. As part of this work the Executive have developed a new corporate plan which will include a revised operational model and a further update on this work will be presented to SERCOM in June.

11. <u>Financial Summary</u>

The draft final outturn of the LEP Budget for 2022/23 is set out in appendix A and the future years forecasts are shown in appendix B with the main financial risks highlighted in this report.

Appendices E1 and E2 show the overall position of the two major funding programmes, the Local Growth Deal and Getting Building Fund, including the tail funding for the remaining projects that are completing across the 2022/23 and 2023/24 financial years.

The three-year rolling budget continues to provide a robust financial position for the LEP and is playing an important role in the discussions around the future delivery model of both core LEP and wider services.

The Accountable Body are continuing to work closely with the LEP Executive to help configure resources going forward in light of the Spring Budget announcement and the ongoing work to resource the proposed new corporate plan.

The risks of both of the significant funding programmes continue to be reported and monitored in the risk register at appendix F where all projects are regularly reviewed, have a direction of travel and are RAG rated accordingly.

The Accountable Body will continue to provide up to date and accurate advice to ensure that all LEP funds are spent with regularity and propriety, that they secure value for money for the public purse and maximise investment opportunities for the area.

12. Equality impact assessment

An EIA is not required at this stage. EIA's are not required for note items and, in relation to decisions, these relate to agreement of programme-wide budgets (as opposed to any new investment decisions) and internal risk registers.

13. <u>Legal implications</u>

To follow

14. Financial comments from the S151 Officer of the Accountable Body

All of the financial information and associated implications are reflected in the body of the report and the Appendices.
